Mr. Tim Vogt
Missouri Department of Natural Resources
Division of State Parks
1659 East Elm Street
Jefferson City, MO 65101

Dear Mr. Vogt:

Thank you for your application requesting permission to conduct Odonata Surveys at Missouri state parks and historic sites. This will take place largely in conjunction with the national meeting of the Dragonfly Society of the Americas taking place (June 15-25, 2009 in Sullivan Missouri) although opportunistic collecting may occur. Permission is extended to all conference attendees. Groups of participants will be led by one or more of the following people. These people include the primary permit holder, Tim Vogt, and subpermittees Dr. Paul McKenzie, Joe Smentowski, Dr. Everett (Tim) D. Cashatt, Dr. John Belshe, Linden Trial, Richard Day, and Jane C. Walker.

As stated on the application, you should notify the park superintendent or naturalist in advance of each visit and provide two copies of your research results (papers, reports, lists, etc.) to Ken McCarty, Department of Natural Resources, Resource Management and Interpretation Program, PO Box 176, Jefferson City, MO 65102-0176. Subject to these requirements, permission is granted for you to conduct research as described in your application. Your approval begins 5/1/2009 and expires 10/31/2009.

Please contact us if you have questions or need assistance. We wish you the very best with regard to your research.

Sincerely,

DIVISION OF STATE PARKS

Ken McCarty
Chief, Natural Resource Management Section
